Come see the results of a wonderful partnership!

Rebuilding Together Philadelphia volunteers created a "Washeteria" for Face to Face. This will allow visitors to the Dining Room, Health Center and Legal Clinic to take a shower and do laundry. RTP also supported the renovation of the long corridor (previously a Thrift Shop), which expanded the Health Center's space and created dedicated space for the Legal Clinic and other programming.

**Many thanks to our sponsors:
Opus Foundation and Dan Schryer**
